Third International Housing First Conference Padova, 18-19 June 2018

**Working in Housing First.
Breaking the cycle of homelessness
through empowerment and community integration**

The purpose of this conference is to explore the changes in homeless services. We invite practitioners, service providers, policy makers, researchers, scholars, and, importantly, service users, to submit a proposal to present at the Conference. We aim to create a richly diverse agenda of a variety of types of sessions through which we can facilitate knowledge transfer not only across national borders, but also across the scholar - practitioner, practitioner - policy maker, and service user - service provider borders. The aim of this Conference is to share knowledge about research, practice, policy and activism and promote the international dissemination and sustainment of Housing First Program.

On the 19th June 2018 an Italian workshop will be held in collaboration with fio.PSD, celebrating 20 years of research on homelessness in Italy.

Please submit an abstract in English (max. 300 words) by **31th March 2018**
using the following link

<http://ip146172.psy.unipd.it/housing-2018/>

Successful conference submissions will be notified by May 2018.
