

VADEMECUM

Homeless can have the Green Pass

Clarifications on how to get it *

Following some reports received from the fio.PSD members regarding the difficulty or impossibility, for vaccinated homeless people, to obtain the Green Pass, necessary to move on the public transport, entering the premises and accessing to all those places for which the GP is required, the Federation put in contact with the Ministry of Health and the COMMISSIONER STRUCTURE FOR EPIDEMIOLOGICAL EMERGENCY COVID-19 which provided answers and indications to be forwarded to the concerned structures

Can undocumented people take the Vaccine and have the Green Pass?

SI, it is the RIGHT of anyone, Italian or foreigner, permanently present on the Italian territory, to go to the vaccination centers and obtain the vaccine (I, II and III dose) and it can be done even in the absence of:

- Identity card or other identification document;
- Health insurance card;
- Fiscal Code.

but in this case, it is necessary to follow the following procedures to allow the release of the Green Pass.

What happens if you don't have any documents?

At the time of the vaccine, the person is asked Name Surname and the data he/she remembers or can demonstrate and, in the absence of a Fiscal Code, a unique identification code will be created (STP-Foreigner Temporarily Present Code or a replacement for the Fiscal Code, issued in "light" for the sole purpose of issuing the Green Pass) which must be used for registering the administration in the regional vaccination register or for transmitting it to the *Commissioner Structure for the epidemiological emergency COVID-19*.

At the end of the administration, the vaccination certificate must be issued, which shows, in addition to the personal data, the date, type and code of the batch administered, the real and / or LIGHT tax code, or the STP code.

It is necessary that the Regional Health System identifies a Contact person who fills in and sends to the Commissioner Structure, in a specific Template file, the file with the personal data of people with LIGHT Fiscal Code or STP code for subsequent validation by the Ministry of Economy and Finance.

How to get the Green Pass?

In the phase of acceptance and / or registration of the assisted person interested in vaccination, it is also necessary to provide a mobile number, or a telephone contact on which the assisted person or a reference person gravitates, for this reason it is advisable that the most fragile people are accompanied.

The notification will be sent to the mobile number or to the email with instructions on how to download the Green Pass from the website www.dgc.gov.it using the LIGHT Fiscal Code or STP code.

The Federation is available to provide the File Template and the email and mobile phone contacts of the heads of the commissioner structure
